

TECHNOLOGY WEBINARS

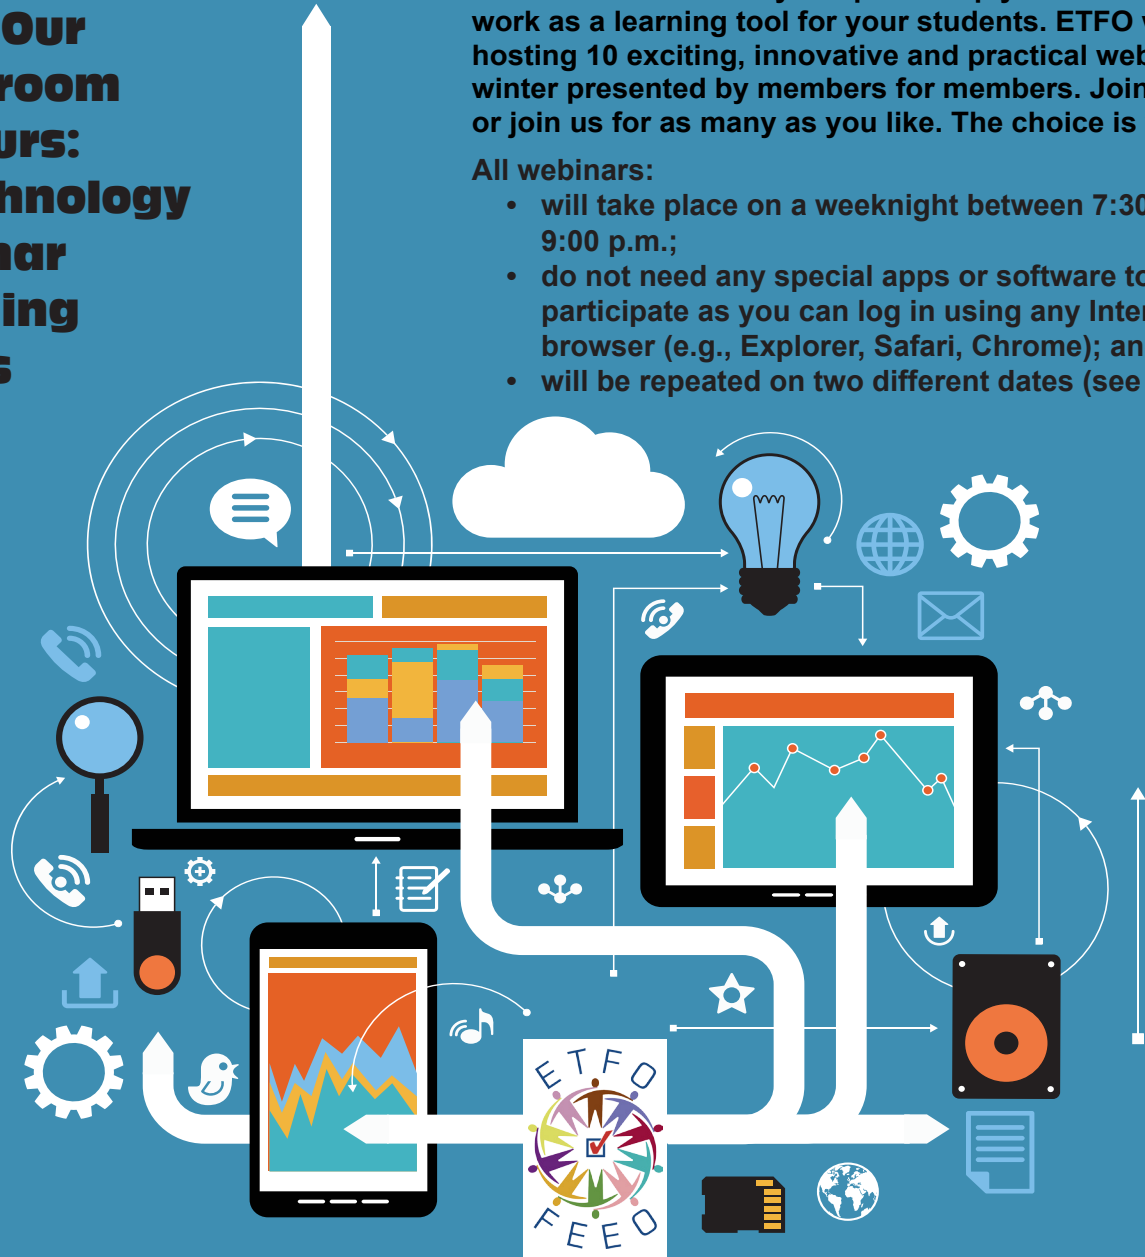

January 17 - April 3, 2017

From Our Classroom to Yours: A Technology Webinar Learning Series

Technology is constantly changing, therefore, how students use and understand technology continues to evolve. Our ETFO webinar facilitators are expert technology integrators and through their webinars, they can help you discover ways to integrate technology effectively into your classrooms. You will also learn a variety of tips to help you make technology work as a learning tool for your students. ETFO will be hosting 10 exciting, innovative and practical webinars this winter presented by members for members. Join us for all 10 or join us for as many as you like. The choice is yours!

All webinars:

- will take place on a weeknight between 7:30 p.m. and 9:00 p.m.;
- do not need any special apps or software to participate as you can log in using any Internet browser (e.g., Explorer, Safari, Chrome); and
- will be repeated on two different dates (see reverse).
