

Great Summer Course Coming Near You!

ETFO York Region Teacher Local

Aurora – July 16, 17, 18

These exciting, resource-rich courses are offered in your area this summer. Register online at etfo.ca and be sure to have your ETFO membership number and a credit card handy. For a small registration fee of \$75.00, participants will receive many handouts and a lunch will be provided each day. Come and join the learning and the fun!

❖ SC-25 - Fundamentals are More Than Facts: Building a Strong Foundation in Junior Mathematics

Course Leader: Kit Luce

Are you a junior teacher who wonders how best to help your students grow and flourish as mathematical thinkers? Do you want to help create both a love of mathematics and a strong conceptual foundation in your learners? This session will explore effective instructional strategies that will engage your students, help them develop the ability to think flexibly and critically in math and provide them with a solid foundation in the fundamentals of number sense. Topics will include the continuum for operations, building a math talk community, creating positive mathematical mindsets, integrating math strands, games that support procedural fluency and how to bring it all together for your individual classroom. Join us to learn how to engage your students, help them develop flexible number sense skills, and retain learned concepts. Leave with resources and an intentional, purposeful plan for Junior math instruction.
